

Scientific Program

Neuroscience meets clinic An update on headache and orofacial pain

European Academy
of Craniomandibular Disorders
Annual Meeting

supported by the Swiss Society for the Study of Pain

September 18th – 20th, 2008
Zurich, Marriott Hotel

For additional information and registration please see:
www.imk.ch/eacd2008

Thursday, September 18th
An update on head and neck pain

10:00-10:10	Opening remarks
10:10-10:30	The trigeminal complex symptoms of headache, facial pain, earache and neck pain <i>D. Ettlin, MD, DMD, Zurich, CH</i>
Tension Type Headache / Migraine	
10:30-11:00	Pathophysiology of tension-type headache: an update <i>R. Jensen, MD, Copenhagen, DK</i>
11:00-11:30	Pathophysiology of migraine: an update <i>M. Ashina, MD, Copenhagen, DK</i>
11:30-12:00	Behavioral neurological aspects of migraine <i>R. Agosti, MD, Zurich, CH</i>
12:00-12:30	Orofacial primary headaches <i>P. Sandor, MD, Zurich, CH</i>
12:30-13:00	Round table discussion
13:00-14:00	Lunch in the exhibition
14:00-14:30	Pathophysiology and treatment of trigeminal autonomic cephalgias <i>A. May, MD, Hamburg, D</i>
14:30-15:00	Neurostimulation in intractable headaches <i>J. Schoenen, MD, Liège, B</i>
Cervicogenic Headache	
15:00-15:30	Cervicogenic headache: from nosography to clinical picture <i>F. Antonaci, MD, Pavia, I</i>
15:30-16:00	Coffee break
16:00-16:30	Cervicogenic headache after whiplash injury <i>T. Schreiber, MD, Rheinfelden, CH</i>
16:30-17:00	Cervical and masticatory dysfunctions and their relationship with vertigo <i>D. Straumann, MD, Zurich, CH</i>
17:00-17:30	Round table discussion
18:00-20:00	Welcome drink

Friday September 19th
Neuroscience meets clinic
From the image of pain to pain imaging

08:45-09:00	Congress opening: Introductory remarks
09:00-09:30	Cortical neuroplasticity: the musician's brain <i>L. Jäncke, PhD, Zurich, CH</i>
09:30-10:00	Teeth and the brain <i>D. Ettlin, MD, DMD, Zurich, CH</i>
10:00-10:30	Coffee break
10:30-11:00	Pain modulation by anticipation <i>C. Porro, MD, Modena, I</i>
11:00-11:30	Can behavioral therapy influence neuromodulation? <i>D. Linden, PhD, Gwynedd, UK</i>
11:30-12:00	Neurobiological mechanisms of the placebo effect <i>F. Benedetti, MD, Turin, I</i>
12:00-12:30	Round table discussion
12:30-13:30	Lunch in the exhibition
Neuropathic orofacial pain	
13:30-14:00	The role of genetic factors in orofacial pain <i>C. Stohler, DDS, Baltimore, USA</i>
14:00-14:30	Can animal experiments on tooth deafferentation tell us something about atypical odontalgia? <i>E. C. Henry, PhD, Saint Louis, USA</i>
14:30-15:00	Can herpes tell us something about neuropathic dental pain? <i>C. Miller, DMD, MS, Lexington, USA</i>
15:00-15:30	Coffee break
15:30-16:00	Quantitative neurosensory testing: A must for the diagnosis of orofacial neuropathic pain? <i>P. Svensson, DDS, PhD, Aarhus, DK</i>
16:00-16:30	Post-implant pain. How to diagnose, what to do <i>G. Heir, DMD, Newark, USA</i>
16:30-17:00	Round table discussion
17:15-18:15	EACD General Assembly
from 19:30	Galadinner

Saturday, September 20th
From overuse to therapy

09:00-09:30	From TMJ biomechanics to cartilage mechanobiology <i>L. Gallo, PhD, Zurich, CH</i>
09:30-10:00	What is the optimal mechanical environment for the cartilage? <i>P. Torzilli, PhD, New York, USA</i>
10:00-10:30	The clinch about clenching <i>M. Farella, DDS, PhD, Zurich, CH</i>
10:30-11:00	Coffee break
11:00-11:30	Overuse injuries as cause of muscle pain <i>A. Klipstein, MD, Zurich, CH</i>
11:30-12:00	Arthrogenous and myogenous pain. Different pathologies, different therapies? <i>A. De Laat, DDS, PhD, Leuven, B</i>
12:00-12:30	Round table discussion
12:30-13:30	Lunch in the exhibition
Orofacial pain therapy	
13:30-14:00	The empathic brain: how, when and why? <i>S. Leiberg, PhD, Zurich, CH</i>
14:00-14:30	Spinal GABA _A receptor subtypes: new targets for the treatment of chronic pain? <i>H-U. Zeilhofer, MD, Zurich, CH</i>
14:30-15:00	Does topical capsaicin application have a role in the treatment of neuropathic pain? <i>M. Petersen, PhD, Mannheim, D</i>
15:00-15:30	Coffee break
15:30-16:00	Limitations of pharmacotherapy: behavioral approaches to chronic pain <i>H. Flor, PhD, Mannheim, D</i>
16:00-16:30	Coping, acceptance and orofacial pain: The outcome matters <i>P. Nilges, PhD, Mainz, D</i>
16:30-17:00	TMD therapy: Efficacy or effectiveness? Or does it happens in the patient's mind? <i>G. Mauro, MD, DDS, Mantova, I and G. Macaluso, MD, DDS Parma I</i>
17:00-17:30	Round table discussion
End of the congress
